

Wilderness and Remote First Aid Course

ABOUT THE COURSE: It's essential that you have some basic principles of wilderness first aid and know how to apply them, even under stress. Even knowing how to treat minor injuries can make a difference in an emergency situation. You can treat minor injuries and keep serious casualties stable until further help is available. Although there are innumerable injuries and ailments that could affect you, as long as you learn the basic principles of first aid, you can apply them to almost any situation
