OR

Sign in with Google Sign in with Apple

Using Google or Apple Login

Enter your username and password.

- If you have forgotten your username or password, you can click the "Forgot username/password?" link, and the information will be sent to the email address associated with your account.

- If you do not have access to that email address, the council service center can reset your password.

*Please note, if you log in with your Google account or Apple ID, the council service center **cannot** reset your password. Logging in with Google or Apple uses your personal information. You would need to reset your Gmail/Apple password if you cannot recall your information.

Once logged in, you should see the following information:

Name, Member ID, Registration Expiration Date and SYT Expiration Date.

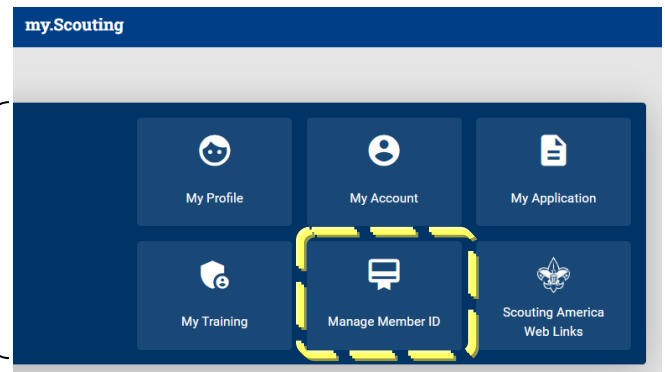

Please add a profile picture if you have not done so already.

- Click anywhere in the circle to upload an image

To the right of that information, you should see these blocks

To link/merge multiple accounts, click the "Manage Member ID" block

Once you have clicked on Manage Member ID, you will see this screen with your current Member ID listed.

This should be the same Member ID that is associated with your registration.

my.Scouting | My Profile

Please enter or select the council name in the drop down field. Then enter the Member ID associated to the council to add the Member ID. Setting or changing a Member ID to primary changes your role/permissions in my.Scouting requiring you to log out and log back in.

Manage Member ID

Council Name or Location Member ID ADD MEMBER ID

Member ID
Blue Ridge Mtns Council 599
PRIMARY

Manage Member ID

Blue Ridge Mtns Council 599, Roanoke, VA

Blue Mountain Council 604, Kennewick, WA

Blue Ridge Council 551, Greenville, SC

Blue Ridge Mtns Council 599, Roanoke, VA

Select the council associated with the Member ID you are trying to link/merge. Once you have selected the council, enter the Member ID and the "Add Member ID" will become a clickable button.

ADD MEMBER ID

Once the Member ID is added, there will be another block next to the primary Member ID. The Member ID associated with your registration needs to be listed as primary or your basic tools assigned to you by that position will not be available.

PRIMARY

Please Note: If you receive an error that states "The provided Member ID does not match the existing user profile," it means there is information that doesn't exactly match the one you are trying to add to the current. For example:

- (i) If you have one account under a nickname/middle name versus the name on your original application: "Jeff" versus "Jeffery" or "Pam" versus "Pamela"
- (ii) If you listed the middle name on one but not the other, or you have changed your last name.
- (iii) Spelling errors are also common errors: "Brian" versus "Bryan"
- (iv) Dates of birth don't match.

If you are still having trouble linking/merging your Member IDs, please contact the council office.
