Welcome Letter-

Dear SCUBA Experience Participant and/ or Unit Leader:

We are pleased to offer the SCUBA Experience as part of the James River High Adventure Base at Pipsico Scout Reservation. This program is designed to help scouts complete their open water dive certification and earn their Scuba Merit Badge. This guide will help you understand and prepare for your adventure during the Scuba Experience.

The emphasis for The Scuba Experience is to instill in youth teamwork, leadership skills, SCUBA skills, and most of all, show them a fun-filled week. While participating in this program you will be challenged with learning many new and exciting skills that only a few have ever had the opportunity to learn. Participants will learn how to meet and complete many challenges and will be able to come home with many new skills, friends, and memories.

Please take note that although participants will be camping in base camp for the majority of their stay, they will be participating in their own program group and follow their own schedule as outlined by the instructor and in the guide. Participants will be expected to actively engage in all aspects of the program and work cooperatively to achieve the best experience possible.

If you are looking for something other than the normal toil and trouble of earning merit badges while sitting under a shelter, then come out for an adventure of a lifetime! In addition to our certified dive instructors, our trained and knowable base staff is here to assist and guide you through the fun and challenging adventures that await you on The Scuba Experience.

If you have any comments, concerns, or questions, please let us know! We certainly look forward to seeing you this summer.

Sincerely,

Evan Sommerfeld

Director, Pipsico Scout Reservation

Program Overview-

This program is designed to provide older Boy Scouts and Venture Scouts with the opportunity to experience a full week of diving. This program is designed for taking scouters who are not currently open water dive certified, and giving them the skills and knowledge to pass the open water dive certification.

During your week, there will be academic session, confined water dive sessions, and open water dive sessions. All classroom and confined water dive activities will take place at Pipsico Scout Reservation using a classroom area and the pool in Camp Lions. The open water dives (2 or 3) will be performed at Lake Rawlings VA.

At the end of the last academic session, there will be a 50 question multiple choice test which must be passed with a minimum score of 80% in order to continue participation in the program and earn your open water diver certification.

Student must be able to perform a watermanship evaluation which includes a 200 yard swim and a 10- minute surface float without any aids. Also please note that in order to earn your Scuba Merit Badge; you must have already successfully completed your swimming merit badge prior to arrival at camp.

Personal equipment will need to be provided by each of the participants in the program. Personal equipment includes fins, mask, snorkel, boots, mask defogger, and mask cleaner. (See Appendix for Package Options) A hood and gloves are highly recommended for the open water dives and can be rented at Lake Rawlings upon arrival. The James River Adventure Base will provide the remaining equipment needed including air cylinders, buoyancy compensator, regulator, wetsuit, weight belt, and weights for the pool and open water sessions.

Participants will be eating meals in the main Dining Hall, unless otherwise noted in the Typical Schedule section of this guide.

Primary instruction will be provided by certified instructors from Chesapeake Bay Diving Center. Please see page 5 for more information on the program requirements in their welcome letter.

Don't forget, if you or your youth enjoyed this program; ask about our other exciting programs at the James River High Adventure Base. Go to <http://www.PipsicoBSA.com> for more information.

Dear Scouts and Parents,

Thank you for choosing SCUBA diving as your 2013 camp activity.

The academic portion of the Scuba Schools International (SSI) open water diver course is intended to be home study. You will receive an SSI student kit which includes the student manual, a DVD, a zippered dive log, dive tables, and a training record. In preparation for your SCUBA course, here are a few things you will need to accomplish prior to your arrival.

- Parents will need to fill out the student training record. Read and sign the *Statement of understanding*, the *Privacy Statement*, (on the front) and the *Waiver and Release of liability agreement*. (on the back) Fill out the grey area inside the cover, read and fill out the *Medical Statement* and *Medical History*. If there are any YES answers on the *Medical History* a physician's referral will be necessary. Read and sign the Chesapeake Bay Diving Center waiver. **Students must bring the training record with all appropriate parental signatures to the first class.**
- Students will need to read the entire student manual, including the appendix. At the end of each chapter there are study guide questions that must be filled out. At the end of the book there are student answer sheets. Transfer the study guide answers to these sheets, sign and date each page, tear them out of the book, and place them in the training record.
- Watch the DVD.
- Each student will need to purchase the following personal equipment prior to the first class session: Mask, snorkel, fins, and booties. We have included two discounted systems in your student kit (Price buster, and deluxe scuba packages), or if you would like a broader choice Chesapeake Bay Diving Center carries the full Aqualung line. Please go to aqualung.com, pick what you'd like, write down the part number, and give us a call. If you buy all of the pieces plus a mesh equipment bag from us we'll give you \$75.00 off of the MAP price shown on the Aqualung website.

There will be three 3 hour academic sessions, three 3 hour pool sessions at PIPSICO, and two 6 hour open water sessions at Lake Rawlings, Va.

At the end of the last academic session, there will be a 50 question multiple choice test which must be passed with a score of 80%.

Students will perform a watermanship evaluation which includes a 200 yard swim, and a 10 minute surface float without any aids.

Chesapeake Bay Diving Center will provide air cylinders, buoyancy compensator, regulator, wetsuit, weight belt, and weights for the pool and open water sessions. A hood and gloves are highly recommended for the open water dives.

Upon the successful completion of the academic, pool, and open water session, 12-14 year old students will receive an SSI Jr. Open water diver certification card, and students 15 and older will receive an SSI open water diver certification card.

We recommend that students who live in the Hampton Roads area stop by our dive center for equipment fittings prior to the first class.

After 6/1/13 no refunds are available for any reason.

Our Location-

The James River Adventure Base at Pipsico Scout Reservation; is located in Spring Grove, Virginia, approximately midway between Norfolk and Richmond. It is about 25 miles off Interstate 295 from Hopewell, Virginia.

Our camp is centrally located to a host of attractions. The first permanent English settlement at Jamestown is a short distance via the nearby ferry. Many fascinating historical sites from the first 250 years of American history are within easy driving distance. Among these are Colonial Williamsburg, the Revolutionary War battlefield at Yorktown, and Civil War battlefields around Richmond and Petersburg.

For those who want more modern adventure, local amusement parks include Busch Gardens and Water Country USA. A moderate drive from camp brings visitors to the Naval base in Norfolk, the NASA Langley Research Center, the Atlantic Ocean beaches and boardwalk at Virginia Beach, and much more.

If you are coming from outside the local area, we would be glad to have you as our guests in Camp Rotary for a few extra days so you can add some of these world-class attractions to your summer camp experience. With advance notice, we can provide breakfast, dinner, and box lunches on the days you are in Camp Rotary for a nominal cost.

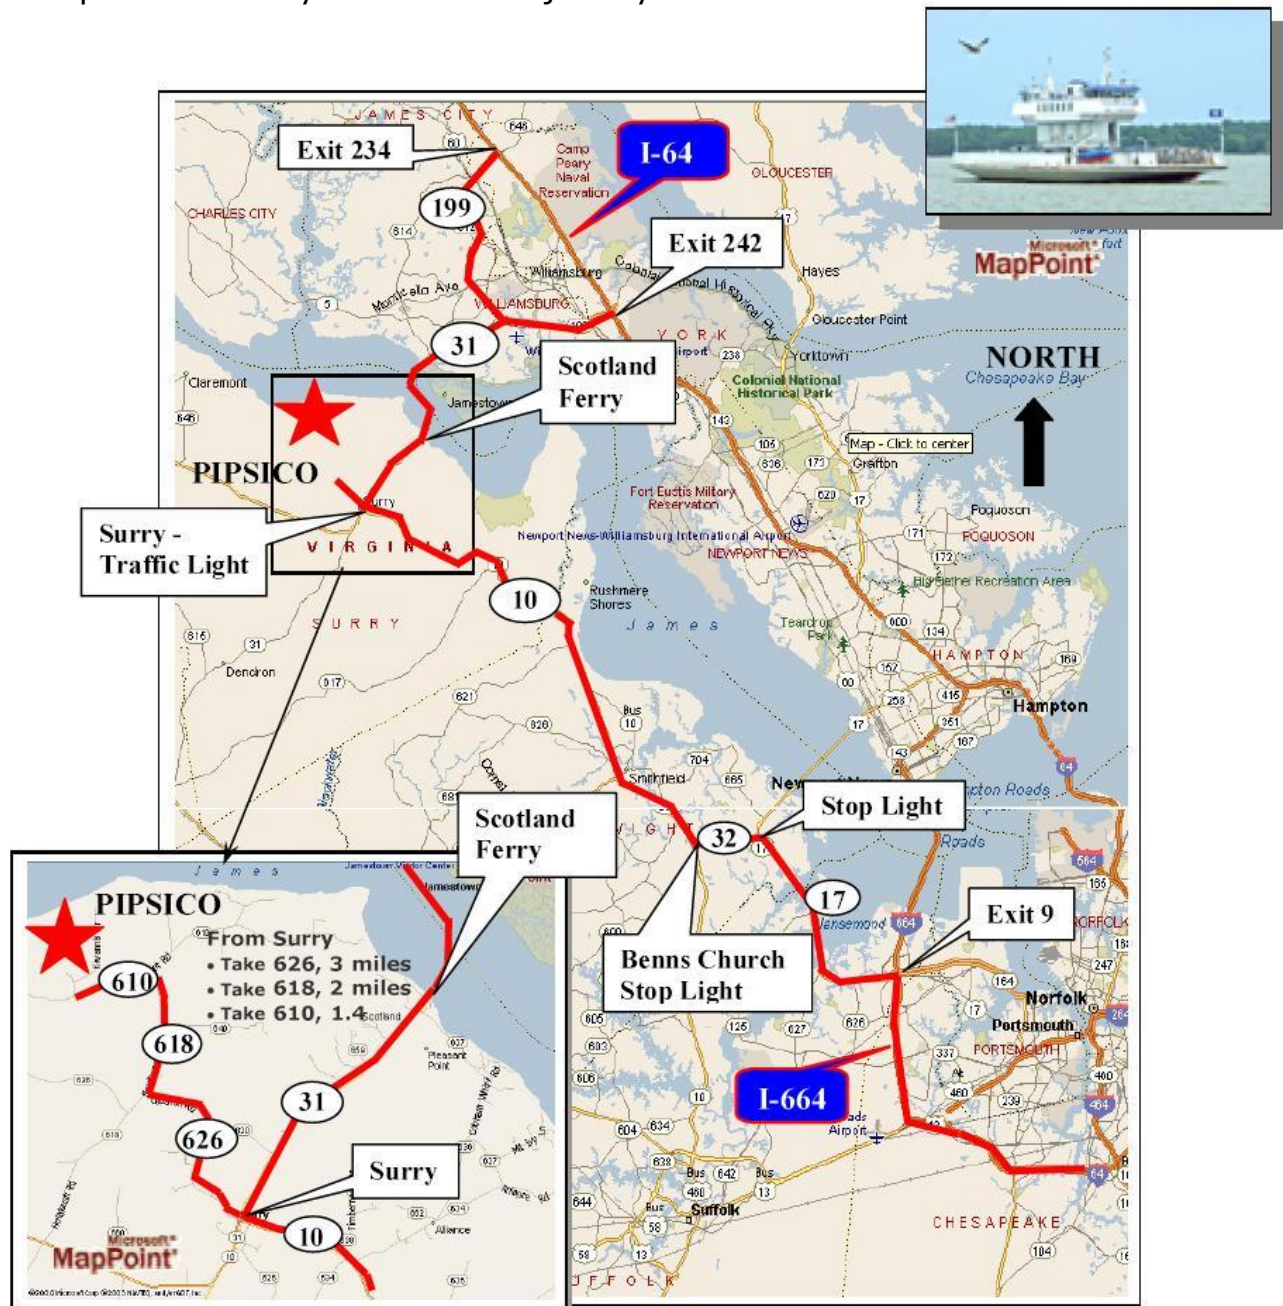

Getting to the James River Adventure Base at Pipsico Scout Reservation:

Take a drive in the country or a ride on a ferry. Which ever route you and your Scouts choose, you are sure to enjoy the trip. From South Hampton Roads, the most direct route is illustrated below. However, some may prefer taking Route 460 to Route 10 North.

For those coming from the Peninsula or interested in something different, the Jamestown- Scotland Ferry is the way to go. However you arrive, traveling to Pipsico will provide a history rich and scenic journey.

Registration will be conducted at the Burton Center which is main administration building inside of Camp Lions at Pipsico Scout Reservation. If you plan to arrive late, please notify us in advance so special arrangements can be made. If you are delayed on the way to camp, let us know at (757) 294-3912.

At initial check-in, we will verify the number of campers with your unit, confirm paperwork is in order and assign you to a campsite. Your pre-ordered T-shirts will be given to you at this time.

Next your Camp Guide will meet you. The Camp Guide will escort you through the remaining check-in procedures:

- Your Campsite where you will drop off (but not unpack) your gear. At this time everyone will change into bathing suits. You will be given a pass that allows one vehicle at a time into the campsite. All vehicles (other than trailers) must be moved to the main parking lot by dinner on Sunday.

Once you have been given the final ok, you may return to your primary campsite for final checkout procedures.

One vehicle at a time may enter the campsite to load gear, no earlier than 7:30 AM. Once your gear is packed out and your campsite and latrine are clean, a staff member will inspect the campsite and release you from camp.

Once you have been checked out of your campsite and picked up your health records and medications from the Health Lodge, we will give you your JRAB patches and be wished a safe trip home.

Scuba Experience Policies:

Mail:

Mail can be sent to Scuba Experience participants throughout the week by using the following address:

Pipsico Scout Reservation
c/o Scout's Name, Unit Number, SCUBA EXPERIENCE
57 Pipsico Road
Spring Grove, VA 23881

Telephones:

A phone for outgoing calls is available at the Burton Center. An adult leader must be present for a Scout (with his buddy) to use this phone. Calls must be collect or by calling card, and must be limited to five minutes. Should anyone need to contact a camper on an important matter, the number is: **1-(757) 294-3912** This is our business phone, and cannot be tied up with personal calls, so parents will not be able to speak to their children on this line. Phone messages will be placed in the unit mailbox; emergency messages will be delivered as soon as possible. If adult leaders need to receive regular calls at camp, bring a cell phone or pager, or make arrangements to check with their office on a regular schedule.

In case of emergency while out in the activity areas, the Staff will be in contact with the Camp via cell phone and Radios.

Attire:

The BSA Class A uniform is the expected uniform for retreat ceremonies. At other times, we encourage campers to wear an activity uniform including Scout shorts, Scout belt, and a casual shirt or T-shirt with a Scouting theme. Shirts that promote alcohol, tobacco, or are otherwise inconsistent with Scouting values are not allowed.

The camp Trading Post has a limited selection of uniform items including socks, belts, and T-shirts. In order to fulfill your t-shirt needs, be sure to pre order them in the correct sizes when you reserve your space in camp.

Not having a uniform should not prevent any Scout from attending camp; however, every effort should be made to ensure that every Scout has one, using every means available: unit and Council fund raising activities, financial assistance from your chartered organization, recycling "experienced" uniforms, etc.

Bathing suits should be conservative; remember, there may be coed participants.

Buddy System:

All participants of Scuba Experience should use the buddy system while at camp, in the activity area, and while visiting Lake Rawlings. While Scuba diving, you will have to use the buddy system as well.

Provisional Campers:

If a Scout is unable to attend camp with his own unit, or wants to attend a second week of camp, we can arrange for him to attend camp with another unit. Fees for provisional campers are the same as for other Scouts. On occasion, we ask a unit to include a provisional camper in their unit for the week at camp. In such cases, we require that a parent or guardian meet with the unit's camp leader prior to camp or during check-in. Provisional participants will be placed in crews with other provisional crewmembers or partial crews.

Lost and Found:

A lost-and-found bin will be maintained at the Burton Center.

Trading Post:

In addition to program materials, our Trading Post offers a variety of snacks and drinks, and a wide selection of camping supplies, Scouting materials, special James River Adventure Base and Pipsico Scout Reservation souvenirs. Remember that the proceeds from the Trading Post support your Scouting programs! Please encourage your participants to bring spending money (\$50 recommended). There will also opportunities to shop at Lake Rawlings.

Unit Leaders:

Coed units are encouraged to provide a female leader with the female participants. Units also sending four or more participants are encouraged to send an adult with their participants for the best experiences. Please contact us before arrival at camp to make arrangements for provisional participants.

Valuables:

Unfortunately, even in a scouting environment, losses occur. To ensure nothing will happen to your favorite gadgets and gizmos, leave them at home! We do not carry insurance for personal items. Also remember that we will be surrounded by a lot of water and out in unsheltered areas frequently, please make sure items that can not get wet are secured properly.

Vehicles:

While camp is in session, all Scouts, leaders, and visitors are prohibited from driving past the gate in front of the Health Lodge. One vehicle will be allowed into your campsite during check-in to drop off unit gear; as soon as it is unloaded, it must be promptly moved to the Burton Center parking lot.

Prohibited Items:

The following items and actions are strictly prohibited while at Camp Lions and while participating in Scuba Experience and are a cause for immediate dismissal:

- Alcohol
- Tobacco - The use of tobacco in any form is strictly prohibited for youth participants. Adults who smoke must do so out of sight of any youth members. Smoking is prohibited while on the boats.
- Illegal Drugs
- Fireworks
- Sheath Knives
- Firearms of any kind
- Theft
- Actions that knowingly endanger another participant or staff.
- Intentionally damaging property belonging to another person or SCUBA Experience.

Discipline:

All participants are expected to live up to the principles and values of the Scout Oath and Law and/or the Venturing Code.

- Discipline of Scouts while at camp is the responsibility of unit leaders. If Scouts are disruptive or refuse to comply with camp rules, we will refer the matter to the unit leaders for resolution. If problems recur, we may require the Scout to be sent home.
- In the event that a unit leader is not present during the trip to Lake Rawlings, the staff will be responsible for enforcing rules and disciplining those participants who break them.
- If the camp administration believes that further disciplinary action is required of any crewmember, they will intervene. Chartered partners of the participant's home unit and/or a Council representative will be contacted for serious infractions.
- Any participant who steals, vandalizes, or intentionally places another participant, staff member, or other person in danger will immediately be sent home. The administration reserves the right to take further action themselves if necessary, including sending the entire crew home within 24 hours.
- Hazing or any other such activities are not allowed at any time during The Scuba Experience.

Medical Information-

Medical Forms and Physical Examinations:

All SCUBA Experience participants, both youth and adults, must have a completed and signed Annual BSA Health and Medical Record, parts A, B, & C. (This form is included at the back of this booklet)

Youth participant medical forms must be signed by a parent and include the parent's medical insurance information (a copy of insurance card). Participants without a properly completed Annual BSA Health and Medical Record, will not be admitted to the program.

A separate Medical Statement and Medical History form will be required for participants of the Scuba Experience. If there are any YES answers on the Medical History a physician's referral will be necessary to participate in the program. **(PLEASE CONTACT US FOR THE PHYSICIAN EXAMINATION FORM IF YOU ANSWERED YES TO ANY QUESTION IN APPENDIX F)**

Medications:

All prescription drugs are kept and administered by the unit. It is to be kept in a secured location out of the reach of the children. If medication requires refrigeration, it can be checked in with the Health Officer during check-in. Please provide a list of medication, dosage and to whom you are administering medication to when you check in with the Health Officer.

By law, medications must be in a container with a typed label from the pharmacy. Medications will be given only in accordance with the label. Handwritten changes will not be accepted.

If no leader from the unit is participating in The Scuba Experience, then the staff will also dispense medication throughout the time spent at Lake Rawlings. Participants suffering from asthma may keep their medication with them, but must inform the staff that they have it.

Emergency Medical Treatment:

Camp Lions has a health officer on duty 24 hours a day.

The cost of medical treatment away from camp will be billed to the camper's primary insurance carrier. Registered Tidewater Council units are covered by supplemental insurance, which covers certain deductibles and other expenses for injuries and illnesses incurred at camp. Parents must make arrangements for treatment of pre-existing conditions. Tidewater Council's policy does not cover out-of-council units; those units need to submit a certificate of insurance from their home council or unit prior to arriving at camp. We recommend that this be done when making your final camp fee payment.

Photo Release Information-

During the course of the week photographs or video footage may be taken for promotional purposes. If a parent does not wish for their child to be photographed, you must notify the Council office prior to your unit's arrival at camp. The parent must provide a signed letter stating that their child is not to be photographed. We will depend on the unit leader to make us aware of and individuals that may not be photographed once they arrive on the property. **PLEASE SHARE THIS INFORMATION WITH PARENTS.**

*The SCUBA Experience staff is dedicated to provide you with the best high adventure experience of your scouting summers. Therefore, if you see any areas where we can improve, please write them down at the end-of-week evaluations. If you have any questions about this guide or program, please do not hesitate to call us at (757) 497-2688.

If you exceed the maximum weight for height as explained on the next page and your planned high-adventure activity will take you more than 30 minutes away from an emergency vehicle/accessible roadway, you **will not** be allowed to participate. At the discretion of the medical advisers of the event and/or camp, participation of an individual exceeding the maximum weight for height may be allowed if the body fat percentage measured by the health care provider is determined to be 20 percent or less for a female or 15 percent or less for a male. (Philmont requires a hydrostatic weighing or DXA test to be used for this determination.) Please call the event leader and/or camp if you have any questions. Enforcing the height/weight guidelines is strongly encouraged for all other events.

Si usted excede el peso máximo para su estatura tal como se explica en la siguiente página y su actividad de aventura extrema planeada le llevará a más de 30 minutos de distancia de una vía con acceso para un vehículo de emergencia, usted **no podrá** participar. A juicio de los consejeros médicos del evento o campamento, la participación de un individuo que exceda el peso máximo para su estatura puede permitirse si el porcentaje de grasa corporal medida por el proveedor de servicios de salud determina que es 20 por ciento o menos para una mujer o 15 por ciento o menos para un hombre. (Philmont requiere que se use una prueba de peso hidrostático o de densitometría ósea para determinarlo). Por favor llame al líder del evento o del campamento si tiene preguntas. El cumplimiento de los lineamientos de estatura y peso se recomienda encarecidamente para todos los demás eventos.

Medical Statement

PARTICIPANT RECORD — CONFIDENTIAL INFORMATION

Please read carefully before signing.

This is a statement in which you are informed of some potential risks involved in scuba diving and of the conduct required of you during the scuba training program. Your signature on this statement is required for you to participate in the scuba training program offered by:

(INSTRUCTOR) _____
and (FACILITY) _____
located in the city of _____
and state of _____.

Read and discuss this statement prior to signing it. You must complete this Medical Statement, which includes the medical-history section, to enroll in the scuba training program. If you are a minor, you must have this Statement signed by a parent.

Diving is an exciting and demanding activity. When performed correctly, applying correct techniques, it is very safe. When established safety procedures are not followed, however, there are dangers.

To scuba dive safely, you must not be extremely overweight or out of condition. Diving can be strenuous under certain conditions. Your respiratory and circulatory systems must be in good health. All body air spaces must be normal and healthy. A person with heart trouble, a current cold or congestion, epilepsy, asthma, a severe medical problem, or who is under the influence of alcohol or drugs should not dive. If taking medication, consult your doctor and the Instructor before participation in this program. You will also need to learn from the Instructor the important safety rules regarding breathing and equalization while scuba diving. Improper use of scuba equipment can result in serious injury. You must be thoroughly instructed in its use under direct supervision of a qualified Instructor to use it safely.

If you have any additional questions regarding this Medical Statement or the Medical History section, review them with your Instructor before signing.

Medical History

To the Participant:

The purpose of this medical questionnaire is to find out if you should be examined by your doctor before participating in recreational diver training. A positive response to a question does not necessarily disqualify you from diving. A positive response means that there is a pre-existing condition that may affect your safety while diving and you must seek the advice of your physician.

Please answer the following questions on your past or present medical history with a **YES** or **NO**. If you are not sure, answer **YES**. If any of these items apply to you, we must request that you consult with a physician prior to participating in scuba diving. Your Instructor will supply you with a medical statement and guidelines for recreational scuba diver's physical examination to take to your physician.
