## 2014 Boy Scout Summer Camp at Pipsico Scout Reservation

Pipsico has programs for first year campers, offers a diverse merit badge schedule, evening activities, and great high adventure opportunities.

### A LITTLE ABOUT PIPSICO

Pipsico is located in Surry County, Virginia. It encompasses more than 900 acres of woodland, open fields and marshes. The terrain includes a natural ravine system and ranges in elevation from 20 to more than 100 feet above sea level. Pipsico's northern boundary extends for a mile and half along the banks of the historic James River.

Cliffs 60 to 75 feet high overlook a picturesque mile long sandy beach and several cypress tree coves. The cliff walls are studded with marine shells and fossils providing tangible evidence of the James River's influence on life over the centuries. The beach has proven to be a beach comber's delight for discovering nautical treasures like shark teeth, prehistoric whale bones, driftwood and a peaceful observation site for beautiful shoreline sunrises and sunsets.

Tidewater Council purchased this land in 1958. The "Pipsico Tree" a tulip poplar nearly 20 feet in circumference that predates the arrival of the first English colonists or stroll along the sandy beach of the James River and observe the flight of the bald eagles that nest.

Pipsico has over a mile of beach with scenic views, great beach-combing, and beautiful wildlife.

## HUSKANAW ("RITE OF PASSAGE")

Huskanaw is the Powhatan Indian name for the rite of passage that taught young men the skills needed to meet their responsibilities in the tribe. Our Huskanaw program does much the same thing by teaching new Scouts the skills they need to fully participate in troop activities. Huskanaw Scouts spend three hours each morning or afternoon learning advancement skills for Tenderfoot through First Class. During the remainder of the day, they can participate in up to three merit badge sessions. On Thursday night, the Huskanaw Scouts spend the night at an outpost camp. At the end of the week we will provide you with a list of requirements your Huskanaw Scouts have completed.

## OVERNIGHTER

One day during the week all of the scouts participating in the Huskanaw program will set-up the tents they brought as a Huskanaw troop. That evening they cook together, and spend the night away from their units. The boys return with the camp staff in time to join the rest of the camp for morning flags.

## IMPORTANT

Huskanaw Scouts should bring a backpack and small tent with them for the overnighiter. They also need their Boy Scout Handbook with them for reference during program times. We also recommend they bring a compass (also available for sale at the Trading Post).

Huskanaw is a half-day program that still allows boys to earn up to three merit badges during their stay at camp.

## MERIT BADGE PROGRAM

Pipsico offers over 40 merit badges during summer camp. These are all listed on the following pages, along with the merit badge schedule. Some Scouts will be encouraged by their units to take as many merit badges as possible. While this is a unit decision, experience shows that trying to learn six new skills at the same time is difficult, especially when some merit badges require a number of additional hours of work or practice. Accordingly, a Scout who works on six merit badges will learn how to get by with the least amount of work, rather than actually learning skills. We recommend that, before camp, Scoutmasters hold a conference with each of their Scouts to assist them in setting realistic goals. Scouts should be encouraged to allow time for the proper completion of merit badges. The underlying purpose of these programs is to expose Scouts to new activities/studies that may positively impact character values, connect the practical application of material learned in school, to develop career or hobby interests and to learn new ways of having fun.

We have developed our merit badge schedule based on the demand of past years. We do, however, reserve the right to adjust the schedule to meet demand and therefore all units must register for merit badges before camp, using the schedules and sign-up forms contained in this guide no later than June 3<sup>rd</sup>. Some of our sessions have maximum numbers to ensure teaching quality, so if a unit does not sign-up for merit badges before camp, there is a chance that their Scouts will not be able to work on some merit badges. Please note that if units sign up for merit badges before camp, they do not need to rush to arrive first! Once a Scout is signed up for a merit badge we assume that he has Scoutmaster approval to work on that badge. We will only approve requirements completed at camp. In cases where a Scout comes to camp with a partial merit badge, a unit leader needs to provide the area director with proof of the requirements that have already been completed. The proof can either be a "blue card" showing the completed requirements or a signed statement listing the completed requirements.

**Prerequisites:**  
 In addition, there are some merit badges with prerequisites, which may include the completion of the BSA Swim Test, a rank or a merit badge. Where this is the case the prerequisite must be completed before a Scout starts working on the merit badge. There will not be any exceptions to this rule.

PEX (Pipsico Experience)

SCUBA Camp

## PEX (PIPSICO EXPERIENCE)

Participants spend a weeklong summer camp experience along the banks of the Historic James River running through a gauntlet of diverse activities.

Campers rotate through a series of programs such as canoeing, tubing, rifle shooting, shotgun shooting, black-powder rifle shooting, tomahawk throwing, paintball flinging, climbing, blacksmithing, cooking, and pool partying! There will be four off-site experiences to include fishing on a head-boat in the Chesapeake Bay, taking a ghost tour in colonial Williamsburg, high COPE at Go Ape, and finishing the week riding roller coasters at Busch Gardens.

**MIN AGE: 14 OR 13 & COMPLETED 8TH GRADE  
MUST PASS SWIMMERS TEST**

## SCUBA CAMP

Earn your Open Water Scuba Certification and your Scuba Merit badge! Pipsico has partnered with the Chesapeake Bay Diving Center to produce an intense week of underwater adventure concluding at Lake Rawlings. With this SSI certification, it is possible to dive all over the world. Unlike many certifications, the Open Water Certification never expires. The course consists of three parts: Classroom, Confined Water, and Open Water. Each component must be completed to achieve the course certification. Participants will have the opportunity to have 2 days worth or 4-6 open water dives at Lake Rawlings in VA. All divers will need to complete a specific SCUBA medical form and have their own mask, boots, fins, snorkel.

**MIN AGE: 13  
MUST PASS SWIMMERS TEST**

**PEX, SCUBA

*John Smith Experience*

## SAIL HAMPTON ROADS

This is a full week of sailing and nightly port visits on the James and Elizabeth Rivers plus a stop over along the southern Chesapeake Bay.

Monday morning after breakfast, crews will muster where they will stow gear and make ready for travel to board the sail boats. Setting Sail, the group will head towards ports in Cape Charles, Hampton, Smithfield, and Norfolk.

Each port visit will provide a variety of fun, interesting, and educational experiences. Stops along the way include but are not limited to: A tour and dinner in historic Cape Charles, a stop in Hampton River, a seafood dinner at Smithfield Station Marina, a tour of Nauticus and the battleship Wisconsin at the City of Norfolk and lastly a lunch tour at the historic Fort Wool at the mouth of Hampton Roads.

**MIN AGE: 13**  
**MUST PASS SWIMMERS TEST**

## SCOUT VS WILD

The emphasis for Scout vs Wild is to instill in youth teamwork, leadership skills, survival skills, and most of all, show them a fun-filled week on the James River. You will be challenged with learning many new and exciting skills that only a few have ever had the opportunity to learn. Both the new skills and existing knowledge will be applied through the context of the experience. Please take note that many of the luxuries of residence camp will not be available to the participants. A mid-week visit to base camp will be offered so that participants may check up with their unit, shower in our facilities, and participate in base camp programs. They will then be taken back to their outpost. Participants will be expected to actively engage in all aspects of the program and work cooperatively to achieve the best experience possible.

**MIN AGE: 14 (BOY SCOUTS ONLY)**  
**MUST PASS SWIMMERS TEST**

# There is a whole lot more to do than just merit badges...

**AQUAFEST**

A special evening of water-related games including both on the James River and in our pool.

**CAMPFIRES**

**CLIMBING & RAPPELLING**

Scouts have the opportunity to try the camp's climbing tower, Huskanaw participants will have the opportunity to climb the tower as part of their program, but may also participate with their unit.

**FREE SWIM**

We know camp can get a little warm every once and awhile so we have made sure to have plenty of opportunity to cool off.

**HONOR TROOP**

Each unit will be visited by a Camp Commissioner. The assessment focuses on camp cleanliness, creativity, weather preparedness, uniforming, on-time attendance and more.

**LEARN TO SWIM**

We offer a "Beginner Swimming" program for any scout who wishes to learn how to swim, or who wishes to improve his swimming ability.

**MILE SWIM**

Mile Swim includes swimming a mile and the process of working up to that high goal. Before attempting to swim a mile, Scouts

and adults are required to complete the four one-hour long practice sessions.

**MOVIE NIGHT**

Pull up your favorite camp chair or bring a blanket to enjoy an evening at the movies in the open air of Pipsico.

**OA DAY**

There will be an OA Day with a fellowship on Monday evening. Members of the Order of the Arrow are encouraged to wear their sashes with their field uniform (Class A's) for the day or retreat and dinner.

**RELIGIOUS PROGRAMS**

"Duty to God" is an essential element of scouting values that we strive to reinforce daily at camp. We begin every meal with the assertion that "a Scout is reverent," after which we offer Grace. Religious services are also an important part of the camping experience.

**SHOOTING COMPETITIONS**

Scouts and Scouters can show off their stuff.

**SERVICE PROJECTS**

**VOLLEYBALL, HORSESHOES, FRISBEE GOLF & MORE**

*Aquafest*

We reserve the right to exercise our creative juices between now and camp. Our portfolio of special programs will likely increase.

## ADULT LEADER PROGRAMS

We believe you should get as much out of camp as your Scouts. We have a broad range of programs especially for adults. We have adult training sessions, and a variety of special activities. A sure way to grow in Scouting is to earn the Awesome Leader Award. Those who earn this coveted recognition will come away from camp with new insight and incomparable memories. Leaders are encouraged to visit the program areas to learn and observe but we do ask that you stay behind the proverbial picture frame as a spectator. If you have expertise to offer in a particular area feel free to offer a hand in between program sessions. Staff will welcome an extra set of eyes, ears, and hands. This is especially true in the Huskanaw program, where you are ultimately responsible to certify that your Scouts have met the advancement requirements.

## AWESOME LEADER AWARD

This is our adult leader recognition program for those who truly immerse themselves in the spirit of Scouting while at

camp. It includes participation in fun activities, helping out our staff in certain areas, service to camp and more. This is a great program to participate in and be recognized at the closing campfire.

## TRAINING OPPORTUNITIES

Have you been too busy to get the training you need? Did you bring along some new leaders or adult volunteers you hope will take a more active role in troop leadership? Then take advantage of our wide selection of training while you're with us! Here's some of what we offer:

- Fast Start
- New Leader Essentials
- Youth Protection
- Safe Swim Defense
- Safety Afloat
- Climb on Safely
- Leave No Trace
- Trek Safely
- Introduction to Outdoor Leader Skills

Most of these sessions are approximately one hour each. In addition to regularly scheduled training, our staff will be glad to work with your leaders one-on-one.

Catch up on your BSA training during your stay. There's no additional cost. Do training online or face-to-face. We even offer Outdoor Leader Skills.

### Check-in

Plan on arriving between 1:00PM and 4:30PM on Sunday. Upon arriving at Pipsico, follow the signs for Lions (a sub-camp of the Pipsico Scout Reservation) and park in the main parking lot in front of the Burton Center. If you plan to arrive late, please notify us in advance so special arrangements can be made. If you are delayed on the way to camp, let us know. At initial check-in, we will verify the number of campers with your troop and confirm paperwork is in order. Your pre-ordered T-shirts will be given to you at this time. Then you will meet your Staff Guide, who will escort you through the remaining check-in procedures:

- Gear drop at campsite.
- Dining Hall, where you will turn in Health Record Forms with the Health and Safety Officer.
- Dining Hall for a brief orientation on mealtime procedures.
- Pool for swim checks.
- Your campsite to unpack and get settled for the week.

At this time, the Camp Guide, Troop Leader and SPL will conduct an inspection of the campsite to ensure that all equipment is in place and in good condition. During check-in, your Camp Guide will point out our program areas. This is the time to ask questions about the locations of merit badges, or ask for a camp tour.

### Check-out

After the campfire Friday night, leaders are encouraged to come to the Burton Center (camp office) to review their checkout packets for completeness. The packets will include blue cards, training cards, Huskanaw progress records, an evaluation form, and a camp reservation form. This is the time to make sure you have everything needed, and to resolve any questions. Plan on your troop leaving between 8:00 and 10:00 AM on Saturday. A continental breakfast will be served between 8:00 and 9:00 AM. One vehicle at a time may enter the campsite to load gear, no earlier than 7:30 AM. Once your gear is packed out and your campsite and latrine are clean, a staff member will inspect the campsite and release you from camp. Once you have been checked out of your campsite and picked up your health records and medications from the Health Lodge, we will distribute participant patches.

### SCHOLARSHIPS

Our mission to make summer camp available to every Scout. A limited fund is available to provide assistance to Tidewater Council Scouts who would otherwise be unable to attend. Scouts are expected to participate in council and unit fund raising programs to help pay the cost of camp.

## CAMPSITES

Every campsite in Pipsico is divided into patrol sites. Larger troops will have a campsite to themselves, while smaller troops may share a campsite, each occupying their own patrol site(s). Every campsite has a common latrine facility. Every latrine has a washstand with running water for washing and drinking. Hot showers are available at the pool, the Shower House between campsites 8 and 9, and the women's shower adjacent to the pool.

The tents are equipped with two army-style cots each. For your sleeping comfort, we recommend each camper bring a mosquito net and poles to support it (these may be lashed or taped to the cot legs.) Mosquito nets are also available in the Trading Post.

You will need to label each tent so the occupants can be easily identified. This may be as fancy as routed wooden signs, or as simple as names written on pieces of duct tape at the foot of each cot.

There is a trashcan at each latrine. Each latrine also has a shovel, rake, and hose that serve as fire-fighting equipment; the hose serves double duty for daily cleaning of the latrine.

Your bulletin board will have a Fireguard Chart, which you should fill out upon arrival. Most campsites have an established fire ring, where you are welcome to have troop or patrol campfires in the evenings. Do not dig into the ground to form fire pits. There is ample dead wood on the ground around camp, which you are welcome to cut and burn; do not cut any standing trees or saplings, dead or alive. For safety, you should establish a properly marked ax yard.

Each campsite has platform tents for two. Platforms measure 9ft x 7ft and are equipped with two cots. Campsites have latrines with wash stands, designated fire pits, picnic tables, message boards. Personal tents ARE permitted.

**MEDICALS**

All Scouts and leaders must submit a copy of their BSA Annual Health and Medical Record form (parts A, B & C) to the camp Health Officer during check-in. Anyone staying in camp overnight must have a BSA physical form on file at the Health Lodge. The official BSA form is located here: [www.scouting.org/filestore/HealthSafety/pdf/whole.pdf](http://www.scouting.org/filestore/HealthSafety/pdf/whole.pdf). Anyone reporting to camp without a current physical will be required to get one at his or her own expense within 72 hours. The nearest source of physicals is a one-hour round trip from camp, and the cost is likely to range from 100 to 150 dollars. Please make sure you bring copies of current physicals with you for all unit members attending camp! Physicals expire at the end of the month one year after signed by a physician (for example, a physical signed 6/3/12 expires 6/31/13). Physicals must be valid for the duration of camp.

**EMERGENCY PROCEDURES**

The Tidewater Council maintains emergency procedures to meet, and in some cases, exceed the standards set by the Boy Scouts of America. It is essential for everyone's safety that every member of your unit fully understands that these procedures exist - their life, your life, or someone else's life could depend on it. It is also part of the BSA's national standards that we conduct an emergency drill during your stay at camp. Please be sure to follow only instructions delivered by the staff chain of command. Likewise, if an emergency arises, or is brought to your attention, please notify the nearest

staff member immediately so that we may launch the appropriate procedures. Do not attempt to resolve an emergency situation alone. Notify the nearest staff member.

**FIRES, STOVES, TENTS & OPEN FLAMES**

For safety reasons, there are to be no open flames in tents. This ban on open flames in tents includes a ban on the use of matches, candles, kerosene, propane or liquid lanterns in tents. Lighting in tents is to be provided by battery-powered lanterns or flashlights only. It is, however, acceptable to use a lantern under a dining fly. All cooking fires, campfires and stoves are to be attended while they are burning. Fires are only to be built in designated areas and must be extinguished so that they are cold to the touch when unattended. Spraying aerosol cans of any type (insecticide, deodorant, hair spray, etc.) are also prohibited in tents. The propellants in these products will damage the waterproofing treatment on the canvas.

**YOUTH PROTECTION**

Leaders are asked to review the Guide to Safe Scouting before attending camp and ensure compliance by their unit with policies as detailed in the Guide, particularly in respect of youth protection policies. Failure to comply with Guide to Safe Scouting and youth protection policies will result in disciplinary action.

Troops must have at least two adults in camp at all times; at least one must be registered with BSA, and at least one must be 21 or older. Units may rotate leaders, provided the incoming and

outgoing leaders follow the prescribed check-in and checkout procedures at the camp office. The two leaders need not be together nor in the campsite at all times. However, one youth may not be alone in the campsite (or anywhere else in camp) with an adult who is not his parent or guardian. This situation may be avoided by strict adherence to the buddy system and BSA's Youth Protection guidelines.

We recommend that every troop have a "buddy board" or other tracking system in the campsite so Scouts may be easily located at all times. Every Scout should be with a designated buddy at all times when outside the troop's campsite. Except for a parent or guardian, an adult cannot be a Scout's buddy. A Scout may be without a buddy only when he is traveling between merit badge sessions and no other Scout from his troop or from the previous merit badge session is going his way. This exception will only be allowed during scheduled rotation times, and only on the most direct route between program areas.

Adult leaders must respect the privacy of youth members and protect their own privacy at all times. Except in emergencies, adults and youth may not enter each other's designated sleeping and shower areas. No Scout may share a tent with an adult who is not his own parent or guardian.

## PRESCRIPTION MEDICATIONS

All prescription drugs are kept and administered by the unit. It is to be kept in a secured location out of the reach of the children. If medication requires refrigeration, it can be checked in with the Health Officer check-in. Provide a list of medication, dosage and to whom you are administering medication to when you check in with the Health Officer. By law, medications must be in a container with a typed label from the pharmacy. Medications will be given only in accordance with the label. Handwritten changes will not be accepted.

## ALLERGIES & MEDICAL NEEDS

All individuals, youth and adult alike, who have allergies or special medical needs (e.g. asthma), must be brought to the attention of the Camp Health Officer. Unit leaders who have individuals with special dietary requirement or food allergies should contact the Food Service Director at check-in to discuss food requirements.

Pipsico is open to any registered member of the Boy Scouts, and every

effort will be made to accommodate special needs. Food allergies/intolerances need to be reported in advance of camp to give the food service staff adequate opportunity to prepare alternate menus. *Vegan diets cannot be accommodated. Vegan campers will need to bring meal supplements for their time at Pipsico. Please contact the staff closer to camp to make necessary arrangements.*

While summer camp is a totally different experience from school, the need for discipline, attentiveness, and social interaction is much the same. If a Scout uses medication during the school year to manage behavioral conditions such as ADHD, we strongly encourage that he continue on those medications during camp.

## MEDICAL TREATMENT

All injuries and illnesses, regardless of severity, must be reported to and treated at the Health Lodge immediately. This applies to all campers, youth and adult. The Health Officer is required to keep a log of all injuries or illnesses. Pipsico has a Health Officer on duty at all times.

Other key staff members are also trained in first aid and CPR. In the event of serious medical problems, the camp has agreements with the Surry County Rescue Squad, a medical treatment facility in Smithfield, and local hospitals in Suffolk and Hopewell.

The cost of medical treatment away from camp will be billed to the camper's primary insurance carrier. Registered Tidewater Council units are covered by supplemental insurance, which covers certain deductibles and other expenses for injuries and illnesses incurred at camp. Parents must make arrangements for treatment of pre-existing conditions. Tidewater Council's policy does not cover out-of-council units; those units need to submit a certificate of insurance from their home council or unit prior to arriving at camp. We recommend that this be done when making your final camp fee payment.

**ADULT & YOUTH REGISTRATION**

Every unit must have at least one 21+ registered volunteer. All youth participants must be registered members of a Scout Troop, Venturing Crew, or Varsity Scout Team.

**BICYCLES**

Scouts and Leaders are permitted to bring their bicycles and helmets to camp. It is the responsibility of the Troop leader to make sure that all bikes the Troop brings are safe to use and properly maintained.

**CELL PHONE POLICY**

We would request that Scouts not to take cell phones to program sessions or, at the very least, to turn them off during sessions. Use of cell phones during program sessions is inconsiderate to other participants and, in some cases can be extremely dangerous (Scouts using axes, climbing, lighting fires, etc, should not be distracted by a ringing phone).

**CONTACT INFORMATION**

One of the best remedies for homesickness is regular mail from home. Mail will be placed in the troop mailbox at the camp office. Outgoing mail may be deposited at the camp office; it is picked up daily after breakfast. Mail service usually takes two to four days, so encourage parents to send the first mail by the Friday before you come to camp. Use the following address:

Scout's name and Unit  
57 Pipsico Road  
Spring Grove, VA 23881

**ELECTRONIC DEVICES**

Radios, cell phones, CD players, video games, and other personal electronic devices detract from the camping experience and provide an inviting target for theft. Do not bring them into camp. If you permit them during travel to and from camp, please leave them in the car during your stay at camp. Youth campers are not permitted to have two-way radios or pagers in camp, as these have proven to be highly disruptive of the camp routine.

**LEAVING CAMP**

Anyone leaving the camp **at any time** during the week must sign out at the camp office and sign in upon their return. We strongly discourage Scouts from leaving camp during the week. Scouts may only leave with a parent, guardian or other individual designated in writing by a parent. Photo IDs are required. An adult unit leader must accompany a Scout to the office to check out. Adults leaving camp must ensure that the unit still has two-deep leadership.

**MONEY & VALUABLES**

Each family must decide how much spending money a Scout should take to camp. Each Scout is, however, responsible for the safeguarding of his money and personal property. It is recommended that expensive cameras, watches, and personal entertainment devices be left at home. Regardless, all items should be clearly marked, with the boy's name and unit number.

**PETS**

No pets are allowed in camp. Please ensure that anyone planning to visit your troop during the week is also aware of this rule.

**PROVISIONAL CAMPERS**

If a Scout is unable to attend camp with his own troop, or wants to attend a second week of camp, we can arrange for him to attend camp with another troop. Fees for provisional campers are the same as for other Scouts. On occasion, we ask a troop to include a provisional camper in their troop for the week at camp. In such cases, we require that a parent or guardian meet with the troop's camp leader prior to camp or during check-in.

**RESTRICTED AREAS**

The following areas are off limits to all campers: The ranger's home and maintenance areas, camp staff living areas, the kitchen and food storage areas (except for authorized adult volunteers,) any program area where staff is not present, and the cliffs along the James River. Scouts may visit the waterfront for beach combing or fishing only when staff is present or when accompanied by an adult leader.

**SMOKING**

Anyone under 18 years old is prohibited from using tobacco in any form while at camp. Adults who smoke must do so out of sight of any youth members. Smoking is prohibited in any tent or building. Cigarette butts must be field stripped and placed in a trash receptacle.

**STAFF**

We work hard to recruit and train the best possible staff to provide a dynamic program in support of your troop. All have been selected based on Scouting skills, leadership experience, enthusiasm, and maturity. They have one of the most demanding jobs imaginable, and they do it cheerfully because they love Scouting. They have made personal sacrifices to be here for you.

As we all do, they occasionally make honest mistakes or judgment errors, and will work hard not to repeat them. In such cases, do not confront them or intervene in their work unless there is an immediate safety concern. If you feel that the performance of any staff member does not meet the highest standards of Scouting, please see the Camp Director or Program Director immediately.

**SWIM TESTING**

Under the current BSA Policy on swim tests, units may, if they choose to do so, conduct swim tests before arriving at camp. The details of how to conduct these tests at the unit level are included in the appendix to this guide. Units that do not conduct swim tests before camp will still have the opportunity to complete swim tests on Sunday. Please remember that it is imperative that each Scout and adult who plans to be in or on the water during the week completes this swim test.

**TELEPHONES**

A phone for outgoing calls is available at the Burton Center. An adult leader

must be present for a Scout (with his buddy) to use this phone. Calls must be collect or by calling card, and must be limited to five minutes. Should anyone need to contact a camper on an important matter, the number is (757) 294-3912.

This is our business phone, and cannot be tied up with personal calls, so parents will not be able to speak to their children on this line. Phone messages will be placed in the troop mailbox; emergency messages will be delivered as soon as possible. If adult leaders need to receive regular calls at camp, bring a cell phone or pager, or make arrangements to check with their office on a regular schedule.

**TRADING POST & SPENDING MONEY**

In addition to program materials, our Trading Post offers a variety of snacks and drinks, and a wide selection of camping supplies, Scouting materials, and special Pipsico souvenirs. In addition to money for program fees, we recommend each Scout have some extra cash for camping supplies, snacks and souvenirs at the Trading Post (about \$50).

**TRAILERS**

Parking will be at the Burton Center; One vehicle may move equipment to the front of each campsite-not past the post. **NO VEHICLES ARE ALLOWED TO STAY IN CAMP.** If your unit has a trailer, check in with the office, place your trailer at the entrance of your site, then promptly move the towing vehicle to the parking lot. **PARKING ON THE ROAD IS NOT PERMITTED.**

**UNIFORM & DRESS CODE**

The BSA Class A uniform is the expected uniform for retreat ceremonies. At other times, we encourage campers to wear an activity uniform including Scout shorts, Scout belt, and a casual shirt or T-shirt with a Scouting theme. Shirts that promote alcohol, tobacco, or are otherwise inconsistent with Scouting values are not allowed. Note that appropriate uniforms are a criterion for the Honor Troop Award.

The camp Trading Post has a limited selection of uniform items including socks, belts, and T-shirts.

Not having a uniform should not prevent any Scout from attending camp; however, every effort should be made to ensure that every Scout has one, using every means available: unit and Council fund raising activities, financial assistance from your chartered organization, recycling “experienced” uniforms, etc.

Closed-toe shoes must be worn at all times, including during activities at the waterfront. Scouts taking **waterfront** merit badges should bring an extra pair of sneakers or water shoes to wear during those activities. The only exceptions are while in a shower building, inside the pool perimeter fence, or in bed.

## VEHICLES IN CAMP

While camp is in session, all Scouts, leaders, and visitors are prohibited from driving past the gate in front of the Health Lodge. One vehicle will be allowed to your campsite during check-in to drop off troop gear. As soon as it is unloaded, it must be promptly moved to the Burton Center parking lot.

## VISITORS

Visitors are welcome at any time between 9:00 AM and 9:00 PM. Normally, the best time to visit is on Family Night (Friday). Visitors must sign in at the camp office upon arrival and sign out upon departure. Visitors must be escorted at all times by either a

member of the camp staff or a registered camper from their own unit. All visitors must be wearing appropriate clothing (consistent with scouting values), including closed toe shoes.

For those unexpected visitors, meal tickets may be purchased at the Trading Post after checking in at the Burton Center. The cost for guest meals is \$5 for those aged six and up. Children under the age of six are free. Reservations and meal payments may be made when your troop checks in on Sunday. After dinner, visitors are encouraged to attend the campfire with their scouts.

## DANGEROUS STUFF

Pipsico provides all necessary and appropriate equipment for our shooting programs. Personal firearms, ammunition, bows and arrows are not permitted in camp. Also, no water guns are permitted at camp. Sheath knives are prohibited in camp by Tidewater Council policy. Pocketknives may be carried by adult leaders and any Scout who has earned the Totin' Chip. Fireworks & firearms of any kind are prohibited in camp. LEO's please notify the council prior to camp of any special requirements by your department.

The swim classification of individuals participating in a Boy Scouts of America activity is a key element in both Safe Swim Defense and Safety Afloat. The swim classification tests should be reviewed annually, preferably at the beginning of each outdoor season. Traditionally, the swim classification test has only been conducted at a long-term summer camp. However, there is no restriction that this is the only place where the test is conducted. It may be more useful to conduct the swim classification prior to a unit going to summer camp.

All persons participating in BSA aquatics are classified according to swimming ability. The classification tests and test procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water. The Swimmer's Test demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum 12-foot depth and with shallow water footing or a pool or pier edge always within 25 feet of the swimmer. The various components of each test evaluate the several skills essential to the minimum level of swimming ability. Each step of the test is important and should be followed as listed below:

**Please note that the Camp reserves the right to review or retest, at any time, any or all participants to ensure that standards have been maintained.**

## SWIMMER'S TEST

Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner using one or more of the following strokes: sidestroke, breaststroke, trudgen or crawl; then swim 25 yards using an easy resting backstroke. The 100 yards must be swum continuously and include at least one sharp turn. After completing the swim, rest by floating.

## BEGINNER'S TEST

Jump feet first in to water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.

## ADMINISTERING THE SWIM TEST

Swim classification tests done at the unit level should be conducted by one of the following council approved resource people: Aquatics Instructor BSA, Aquatics Supervisor, BSA Lifeguard, certified lifeguard, swimming instructor, swim coach or Scoutmaster. The results of the test should be recorded on the Unit Swim Classification Record (see next page). When the unit goes to summer camp, each individual will be issued a buddy tag under the direction of the Camp Aquatics Director for use at the camp.

Participants in swimming merit badge need long pants and a button up shirt to get wet in.

Participants in any boating program should bring water shoes or an old pair of sneakers to wear that can get wet.

Participants in Huskanaw should bring a tent, backpack and other essentials if they plan to go on the weekly overnigher.

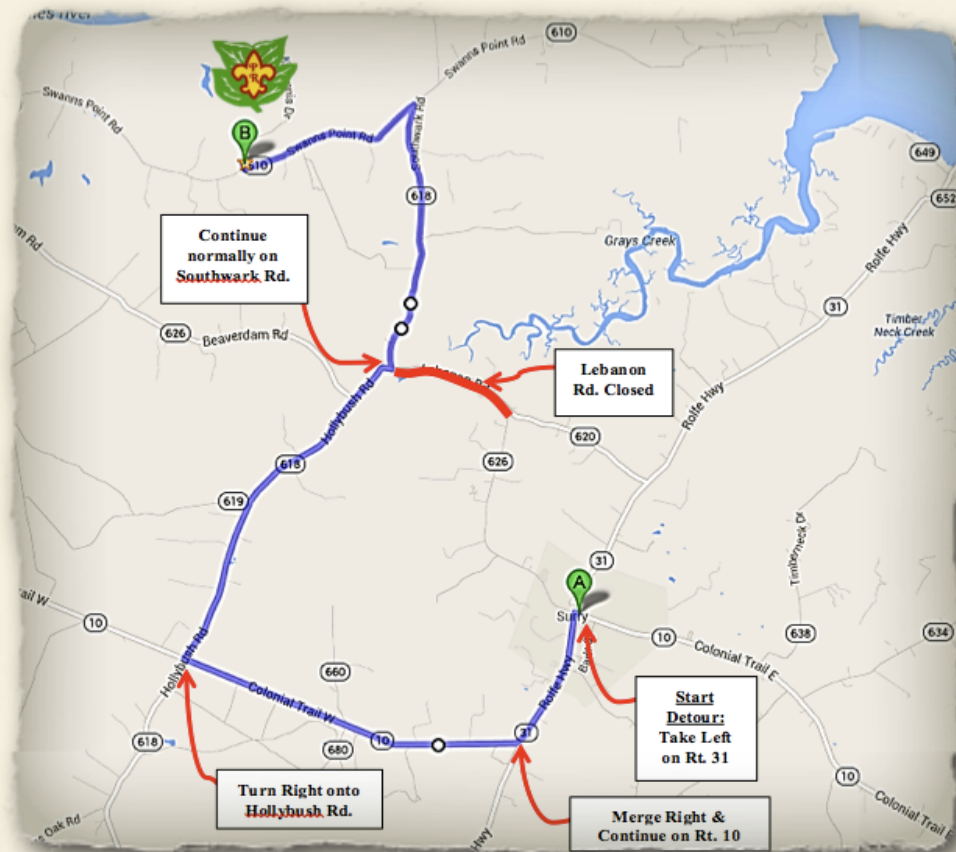

**All summer camp participants are required to have a complete BSA medical form (parts A, B & C). This is an annual form that expires at the end of the month a year after the previous BSA medical form was completed.**

Pipsico is located in Spring Grove, Virginia, approximately midway between Norfolk and Richmond. It is about 25 miles off Interstate 295 from Hopewell, Virginia.

Pipsico is centrally located to a host of attractions. The first permanent English settlement at Jamestown is a short distance via the nearby ferry. Many fascinating historical sites from the first 250 years of American history are within easy driving distance (an hour or so). Among these are Colonial Williamsburg, restored colonial plantations, the Revolutionary War battlefield at Yorktown, and Civil War battlefields around Richmond and Petersburg.

For those who want more modern adventure, local amusement parks include Busch Gardens and Water Country USA. A moderate drive from camp brings visitors to the Naval base in Norfolk, the NASA Langley Research Center, the Atlantic Ocean beaches and boardwalk at Virginia Beach, and much more.

If you are coming from outside the local area, we would be glad to have you as our guests in Camp Rotary for a few extra days so you can add some of these world-class attractions to your summer camp experience. With advance notice, we can provide breakfast, dinner, and box lunches on the days you are in Camp Rotary for a nominal cost.
