2016 RED TRAIL KLONDIKE DERBY

CONCEPT

In August 1896, prospectors discovered gold in the remote Klondike region of Canada's Yukon Territory. In July 1897, the S.S. Portland arrived in Seattle, Washington, with more than a ton of Klondike gold on board. This event touched off the great Klondike Gold Rush as thousands of people who dreamed of becoming wealthy began booking passage on steamers heading north from Seattle and other West Coast ports to the Yukon. Upon arriving at the northern end of the Inside Passage, however, these adventure-bound stampedeers found no easy route leading to the still distant Klondike region. Their progress was slow as each prospector made repeated trips over the rugged trail through the bitter cold.

Imagine pulling a sled loaded with three to six hundred pounds of supplies over a stretch of ice up a steep grade, strewn with boulders and logs, then crossing over a river bed on a couple of trees laid side by side and you get a picture of their labors. Facing 60-mile-an-hour winds in 65-degree-below-zero weather, the prospectors had to ascend the Chilkoot Pass -- 1,000 feet straight up. With a steady stream of stampedeers lining the path each day, it took forty trips to get a ton of supplies up the mountain. Those who survived the mountain then faced a treacherous passage by boat to the town of Dawson near the gold fields.

Since 1949, Boy Scout units have been participating in Klondike Derbies as a way to honor this historic time. Scouts pull a sled loaded with supplies from station to station and compete in various scout skill based events. Pipsico Scout Reservation is carrying on the tradition!

The Red Trail Klondike Derby consists of a race between multiple stations where patrols/ teams/ units will test their Scoutcraft skills and their leadership abilities, earning points towards a total score. Each team must transport the gear that will be necessary to complete the stations on a homemade sled pulled by the Scouts. Saturday Lunch is the only meal provided for this event. Participants should plan and bring all other meals. More information on the stations and materials to bring is detailed in the leader's guide.

This event is open to Boy Scouts, Venturers, Sea Scouts, and Explorers and is entirely co-ed. Teams should have a minimum of 4 and a maximum of 8-youth. Teams may be composed of Scouts from the same unit or entirely different units. For example, Scout who wish to participate as an Order of the Arrow team or inter-unit team may do so. Participants may be considered youth, through age 20; however registrants aged 18-20 may register as adults if they are supporting youth in a capacity of a "BSA Adult Member." Attendance is limited to the first 250-registrants.

THE STORY

The year is 1935. You and your fellow prospectors have decided to take a flight into the Yukon Territory of Canada to try your hand at panning for gold in the traditional fashion. While on your way to your landing site in Dawson City, your plane experiences engine trouble and is forced to make an emergency landing in a forest about 15 miles outside of Dawson City. You and your crew must salvage supplies, build a makeshift sled to carry your supplies, and traverse the frozen Yukon to reach Dawson City where you will be eventually picked up.

Throughout the day, you will be given different sets of tasks that will be representative of the challenges your team will face as you try to make your way to Dawson City to get yourselves to civilization. You will have to use teamwork, the Patrol method, and the countless scout skills you have learned in your Scouting careers in order to survive in the Yukon.

Some of the events likely to appear at the 2016 Red Trail Klondike Derby are as follows:

2016 RED TRAIL KLONDIKE DERBY

Stretcher Carry Course

After making an emergency landing, you notice that three members of your party have varying degrees of injuries, leaving them unable to walk. It will be up to the able-bodied members of your patrol to provide first aid and then carry these men to safety.

Compass Event

When your plane made its emergency landing, it spread all of your equipment everywhere. You must survey your wreck site, find all of your equipment using provided compass headings and distances, and get your bearings before you proceed on foot to Dawson City.

Sled Inspection

Narrative: It is time to load up your sled and prepare to make your way through the Yukon wilderness to Dawson City. Before you are set on your way, a roaming Inuit woodsman comes your way and wants to help you by checking your sled and making sure that your patrol has all the equipment you need. He also wants to check your sled out and make sure it is safe for the journey. Sleds will be judged on best use of "aircraft parts", aircraft theme, and other categories.

Rope Throw Rescue

During your journey to Dawson City, you notice that a member of your team has fallen through the ice of a nearby body of water. You must take immediate action to rescue this patrol member. You notice that you have several sections of rope. You must also use a proper joining knot in order to join these sections of rope. Once you have a section of rope that is long enough, you will use a weight to attempt to rescue your "victim".

Sled Race

Your patrol is off and running. The journey will be long and cold, but now that your patrol is healthy, you will be able to make fast work of it. Use the daylight that you have and get a few miles under your belt as quickly as possible.

Snowshoe Crossing

As you proceed through the forests of the Yukon on your path to Dawson City, you happen across a section of trail that is more snow-covered than the rest of your path thus far. In order to traverse the snowy pass, you must don a set of "snowshoes" in order to get your patrol across.

Blind Obstacle Course

During your journey through the Yukon a sudden, blinding snowstorm hits your patrol. You have encountered a very thick patch of forest terrain. In addition to this thick patch of woods, your patrol has gone snow-blind in the extreme wintry conditions. You have found one pair of goggles in the plan wreckage. You must get through this section of woods to get to a sheltered location to get out of the snowstorm.

Shelter Building

Earlier, you had to negotiate a thick forest to reach a safe place to get out of a blinding snowstorm. Your patrol has reached a point where it would be wise to stop and camp for the night. The forest has become impossible to navigate, blizzard conditions have caused complete whiteout, and the sun is setting quickly. Your goal will be to provide yourselves with a shelter to escape the elements, as the wind is picking up quickly and violently.

Knife/Axe Throwing

You need to find some food to sustain yourselves. You are without a firearm of any kind, and therefore will have to hunt with bladed instruments. To represent this, we have opened a range for knife and axe throwing. Obeying the range master's commands, you will safely take part in a "hunt."

Fire-Building

It is growing darker and darker and the night is growing colder and colder. If these conditions are allowed to continue, it is possible that your entire patrol will become hypothermic and freeze overnight. You must warm yourselves up and consume some warm fluids. The Patrol must boil water.

2016 RED TRAIL KLONDIKE DERBY

Kim's Game

You have finally made it to Dawson City! Congratulations! You have been missing for quite some time, and the Royal Canadian Mounted Police are questioning you and your team about what happened to the plane, what happened to your team, and how you managed to make it through the backcountry back into the city without perishing. It is up to you to remember the details correctly in order to relay them to the Mounties.

Panning for Gold

Narrative: You have officially survived the Yukon! Your reports are filed, and you have been given ample time to recover from your arduous ordeal. Now it's time to do what you originally came to do, and that is to find some GOLD! In order to do that, your patrol will use a blanket held at each corner by a scout to toss a provided "Nugget" over the rope.

2016 RED TRAIL KLONDIKE DERBY

EMERGENCY PROCEDURES

Pipsico Scout Reservation maintains emergency procedures to meet, and in some cases, exceed the standards set by the Boy Scouts of America. It is essential for everyone's safety that every member of your unit fully understands that these procedures exist - their life, your life, or someone else's life could depend on it. Please be sure to follow only instructions delivered by the staff chain of command. Likewise, if an emergency arises, or is brought to your attention, please notify the nearest staff member immediately so that we may launch the appropriate procedures. Do not attempt to resolve an emergency situation alone. Notify the nearest staff member. In the event that an emergency arises, an alarm will sound from the program administration building (Burton Center). When this alarm is heard, all units and participants are required to assemble on the field in front of the Dining Hall, in Base Camp, and await further instruction.

GENERAL POLICIES-

ALCOHOLIC BEVERAGES & DRUGS

Alcohol and illegal drugs are prohibited. All prescription drugs are kept and administered by an adult within the unit. (See the Prescription Medications section above.)

CELL PHONE POLICY

We request that Scouts not take cell phones to program sessions or, at the very least, to turn them off during sessions. Use of cell phones during program sessions is inconsiderate to other participants and, in some cases, can be extremely dangerous.

ELECTRONIC DEVICES

Radios, cell phones, CD players, video games, and other personal electronic devices detract from the camping experience and provide an inviting target for theft. Do not bring them into camp. If you permit them during travel to and from camp, please leave them in the car during your stay at camp. Youth campers are not permitted to have two-way radios or pagers in camp, as these have proven to be highly disruptive of the camp routine.

FIRES, STOVES, TENTS & OPEN FLAMES

Fires will be authorized depending on the status of State and City fire prohibitions in effect for the weekend of the event. All ground fires are permitted in the fire rings at each camp site. The staff will update units on the current fire policy at check-in. Units must post water buckets or a fire extinguisher in the fire area. Cutting of live trees, shrubs, or vegetation is prohibited.

For safety reasons, there are to be **no open flames in tents**. This ban on open flames in tents includes a ban on the use of matches, candles, kerosene, propane or liquid lanterns in tents. Lighting in tents is to be provided by battery-powered lanterns or flashlights only. It is, however, acceptable to use a lantern under a dining fly. All cooking fires, campfires and stoves are to be attended while they are burning. Fires are only to be built in designated areas and must be extinguished so that they are cold to the touch when unattended.

INITIATIONS, HAZING & MILITARY TRAINING

Corporal punishment, hazing, initiation of any sort, and military training and drill are not permitted in the BSA.

LIQUID FUELS

Adult leaders only may use stoves and lanterns requiring liquid fuel. Extra fuel must be turned over to the Quartermaster for safekeeping in locked storage.

MONEY & VALUABLES

Each family must decide how much spending money a Scout should take to camp. Each Scout is, however, responsible for the safeguarding of his money and personal property. It is recommended that expensive cameras, watches, and personal entertainment devices be left at home. Regardless, all items should be clearly marked, with the boy's name and unit number.

2016 RED TRAIL KLONDIKE DERBY

PETS

No pets are allowed in camp. Please ensure that anyone planning to visit your troop during the week is also aware of this rule.

RESTRICTED AREAS

The following areas are off limits to all campers: The Ranger's home and maintenance areas, camp staff living areas, the kitchen and food storage areas (except for authorized adult volunteers,) any program area where staff is not present, and the cliffs along the James River. Scouts may visit the waterfront for beach combing or fishing only when staff is present or when accompanied by an adult leader.

SMOKING & VAPING

Anyone under 18 years old is prohibited from using tobacco in any form while at camp. Adults who smoke must do so out of sight of any youth members. Smoking is prohibited in any tent or building. Cigarette butts must be field stripped and placed in a trash receptacle.

TAPS/LIGHTS OUT

A Scout is courteous. All Scouts should be in their designated campsites at 10:30 PM to Wind-down the day's activities. Taps is at 11 PM. Unit leaders must ensure that fires and lanterns are out and that all their youth have retreated to their tents and are quiet.

TRAILERS

If your unit plans on bringing a trailer, please provide this information on the registration form. Specific campsites have been designated for unit use when a unit has a trailer. The requesting unit is permitted to have one trailer in the designated area at the perimeter of their campsite until checkout.

TRASH DISPOSAL

Participants should practice Leave No Trace principles to the maximum extent practicable. If you packed it in - you pack it out! All units are expected to police their camping area and remove all trash to the dumpsters located behind the dining hall or at the front of camp near the barn. Trash that will not fit in the dumpsters becomes the responsibility of the unit to remove from the campground. Do not pile trash next to the dumpsters. If the dumpsters are full at time of checkout then units **MUST** pack out their trash and dispose of it properly.

VEHICLES IN CAMP

Since safety is our number one priority, vehicles are not permitted past the Burton Center parking lot unless authorized by the ranger for unit gear drop off. Any vehicle that is authorized to drive beyond the Burton Center must remain on the main road. Absolutely no vehicles are permitted on grass or in campsites. Likewise, no vehicles authorized in camp may block the loading dock at the rear of the Dining Hall. Vehicle owners, and operators, who drive beyond the Burton Center parking lot do so at their own risk. Tidewater Council will not accept responsibility for any vehicle damage within camp.

No other motorized vehicles (golf carts, etc.) will be allowed in camp at any time except for use by designated camp staff. If the need arises for a vehicle to be in camp, approval **MUST** first be obtained from the Camp Director (Evan Sommerfeld) or Camp Ranger (Jenny Sommerfeld). Special arrangements will be available for Special Needs Visitors, Scouts and Scouters as requested.

WEAPONS, KNIVES, FULL AXES, FIREWORKS, & FIREARMS

Pipsico provides all necessary and appropriate equipment for our shooting programs. Personal firearms, ammunition, bows and arrows are not permitted in camp. Also, no water guns are permitted at camp.

Pocketknives may be carried by adult leaders and any Scout who has earned the Totin' Chip or Whittling Chip. Fireworks & firearms of any kind are prohibited in camp. Law Enforcement Officers (LEO's), please notify the council prior to camp of any special requirements by your department.
